Excellent Care. Every Person. Every Time.

## Our Values

CARING – We care for our community,

PASSIONATE – We are passionate about doing our best,

TRUSTWORTHY - We are open, honest and respectful

## The Position

The Allied Health Discipline Clinical Educator coordinates and delivers learning and development for discipline-specific staff and students across Bendigo Health. Based within Learning, Education and Development (People and Culture), the role provides clinical education and support to undergraduate students, graduates and clinicians at all career stages, working closely with the Allied Health Education team.

The position reports to the Manager of Allied Health Education, with a professional reporting line to the relevant Head of Discipline and the Chief Allied Health Officer, and contributes to shared portfolios and work plan priorities.

Key responsibilities include:

- Partnering with discipline leaders to identify learning and development needs.
- Supporting clinical and professional development across the workforce lifecycle.
- Enhancing the quality and capacity of discipline-specific clinical placements.
- Providing education support to students on placement and their supervisors.
- Delivering high-quality interprofessional learning to improve patient safety and care quality.
- Collaborating with internal and regional partners to share resources and drive continuous improvement.

## Responsibilities and Accountabilities

### Key Responsibilities

In close consultation with relevant members of the LEAD team and the relevant allied health discipline, this position's key responsibilities are to:

- Coordinate discipline-specific education activities and contribute to the delivery of interprofessional education activities as directed
- Undertake annual training needs analysis to identify learning and development needs in the discipline
- Collaborate with key stakeholders and other educators for the design, development, implementation and evaluation of:
  - Discipline, allied health and interprofessional learning opportunities
  - Programs and processes that enable the expansion of scope of practice and professional development in allied health disciplines
  - Other learning activities
- Collaborate with the discipline manager and seniors in the provision of effective education and professional development
- Coordinate the relevant allied health discipline clinical placement program, which includes:
  - Planning for undergraduate placements
  - Supporting orientation and induction
  - Providing discipline-specific and interprofessional educational activities, such as student workshops/tutorials and reflective practice/debriefing sessions
  - Building capacity at a discipline level for clinicians to provide student support and conduct

- assessments of undergraduate students
  - Supporting students and supervisors with underperforming students, including the implementation of learning and management plans as needed
  - Building and maintaining collaborative relationships with the Bendigo Health Clinical Placements Team and education providers
  - Supporting the implementation of the best Practice Clinical Learning Environment (BPCLE) framework
- Contribute to the review, development, implementation and ongoing evaluation of allied health learning and development strategic documents, including the novice to expert trajectory, scope of practice framework, Allied Health Career Blueprint and the Allied Health: Credentialling, competency and capability framework
- Demonstrate accountability for their own professional development
- Act as a mentor and role model
- Represent allied health education on relevant committees and working parties
- Lead / contribute to quality improvement and/or research projects relating to allied health education
- Identify opportunities to enhance discipline-specific and allied health student clinical supervision and support staff clinical supervision training
- Contribute to the development of consistent, enhanced processes across allied health for student, graduate and staff education programs, including planning/needs analysis, promotion, development, delivery, evaluation and reporting

## Key Selection Criteria

### Essential

1. A degree in the relevant discipline or equivalent tertiary qualification with the ability to satisfy the requirements of the Bendigo Health Allied Health Credentialling and Professional Standards document, including evidence of eligibility for membership of Discipline specific Professional body or current registration with Australian Health Professionals Regulation Agency.
2. At least 7 years' of clinical experience relevant to discipline.
3. Extensive experience in providing clinical supervision and support to allied health students, graduates and staff.
4. Demonstrated knowledge of factors associated with the provision of high-quality clinical placements, including an understanding of processes relating to the planning and coordination of clinical placements.
5. Demonstrated experience to lead and deliver the professional development and education of others in highly specialised clinical skill and knowledge areas, applying the principles of adult learning and strategies to support adult learning in practice.
6. Demonstrated leadership and knowledge of change management principles and ability to applying these principles in practice through innovation, influence, negotiation and inclusion of key stakeholders.

### Desirable

7. Demonstrated commitment to professional development, preferably with relevant post-graduate qualification relating to clinical education (or willingness to work toward this).
8. Demonstrated time management skills and ability to meet competing demands and deadlines.
9. Demonstrated advanced analytical and communication skills, including report writing skills.
10. Demonstrated emotional intelligence and ability to work flexibly to adapt in an environment of change and continuous improvement.

11. Demonstrated ability to build and sustain positive working relationships and successfully communicate with a diverse range of people at all levels.

## Generic Responsibilities

All Bendigo Health staff are required to:

- Adhere to the **Victorian Government's Code of Conduct**
- Uphold **Occupational Health and Safety** responsibilities, including self-care, safeguarding others, and participating in safety initiatives and reporting.
- Comply with all **Bendigo Health policies and procedures**, including those related to clinical, managerial, and standard work practices.
- Follow **Infection Control** procedures to prevent cross-contamination and ensure the health and safety of all.
- Maintain **strict confidentiality** regarding all organisational, patient, and staff information.
- Engage in **continuous quality improvement** activities aligned with the National Safety and Quality Health Service Standards (NSQHSS).
- Recognise and respect **diversity**, fostering inclusive practices in the workplace and service delivery.
- Staff must carry out all lawful and reasonable directions and comply with relevant professional standards and ethical codes.
- Safeguard children and young people in our care, by ensuring that your interactions are positive and safe, and report any suspicions or concerns of abuse by any person internal or external to Bendigo Health.
- Maintain ability to perform the inherent requirements of this role. Inherent requirements are the essential tasks necessary to perform this role, including reasonable adjustments. Bendigo Health is committed to a safe workplace that supports all employees. The role may require specific physical and cognitive abilities, which can be discussed with the manager during recruitment or at any time. We understand that personal circumstances can change and impact your ability to meet these requirements; additional policies are available to guide you through this process. Please request the relevant procedures for more information.

*All Bendigo Health sites, workplaces and vehicles are smoke free.*

*This position description is intended to describe the general nature and level of work that is to be performed by the person appointed to the role. It is not intended to be an exhaustive list of all responsibilities, duties and skills required. Any elements of this document may be changed at Bendigo Health's discretion and activities may be added, removed or amended at any time.*
