Bendigo Health

Bendigo Health is a leading regional health service, learn more about us by visiting our website: [Bendigo Health Website - About Bendigo Health](#)

As an organisation we are committed to delivering safe, inclusive and high-quality care to our diverse communities across the Loddon Mallee Region. We value and respect the unique backgrounds, cultures and experiences of the people we serve and those who work with us.

We are a proud child safe organisation, dedicated to the safety, wellbeing and voice of all children and young people. We are committed to creating a culturally safe and welcoming environment where Aboriginal and Torres Strait Islander peoples—adults, children and families—are respected, supported and empowered to express and celebrate their culture.

Our Vision

To be a trusted regional healthcare service recognised for delivering exceptional care, being a great place to work, and being deeply connected to our community.

Our Values

PASSIONATE – We are passionate about doing our best – for our patients, our colleagues and our community.

ACCOUNTABLE – We take ownership of our actions and outcomes, always striving for integrity and improvement.

CARING – We care deeply for our community – and our community cares for us. Compassion is at the heart of everything we do.

TRUSTWORTHY - We are open, honest and respectful in all that we do – earning the trust placed in us every day.

The Position

The Community Dental Services (CDS) is a 33 dental chair clinic that provides quality emergency, general, denture and preventative dental care for members of the Bendigo and surrounding community. The CDS is primarily funded by Oral Health Victoria (OHV) to provide general and emergency oral health care within the scope of publicly funded dental services. CDS is also involved in preventative oral health initiatives including an active schools and early years outreach program.

The Dental Prosthetist is responsible for assessment, treatment and provision of removable dentures and dental appliances for eligible clients. Dental Prosthetists are expected to operate within a clinical governance framework and are responsible for the provision of clinical duties within the scope of publicly funded dental services. In addition, this position will provide high quality, efficient and effective dental health care to patients and actively contribute to quality improvement activities relevant to CDS.

CDS has a commitment to assuring safety and quality in the services it provides. In keeping with this commitment all services will be provided by an oral health team working together with shared accountability for improving health outcomes for the people attending for care. The potential for good oral health outcomes requires a foundation of regular self-maintenance which the oral health team have a responsibility to educate, support and develop.

Responsibilities and Accountabilities

Key Responsibilities

Clinical Services & Patient Care

- Perform assessments and treatment of eligible denture patients, construct and insert complete and partial dentures.
- Provide dental prosthetist services to eligible patients in accordance with Bendigo Health and OHV clinical standards and policies, and principles of public health.
- Ensure all clinical denture services provided are within the scope of their AHPRA registration and legally defined scope of practice, deferring to the lead prosthetist and/or senior dentist as required.
- Understanding of the interdisciplinary nature of complex dental care, and the ability to appropriately refer to other members of the dental team (in accordance with Bendigo Health policy), patients for general dental, specialist services and care which is outside their scope of practice.
- Collaborate and communicate with all members of the oral health team to achieve desired consumer outcomes including identifying where improvements can be made to the quality of consumer care.
- Provide a high quality service to consumers that reflects evidenced based practice and is in accordance with National Safety and Quality Health Service (NSQHS) standards.
- Provide dental education to patients which is responsive to their needs and enables them to maintain and improve their oral health and ongoing care of their dental appliance.
- All interactions with patients show appropriate responses to their needs and demonstrate the application of Bendigo Health values.
- Ensure consumers, families/representatives or carers of the Dental Service are provided with timely information and are involved in decision making about their care.

- Uphold and protect consumer rights, maintain strict confidentiality and continually practice the principles of open disclosure.
- Ensure services delivered are effective, efficient, coordinated and client focused.

Education & Professional Development

- Maintain and demonstrate regulated clinical and technical skills and competencies by undertaking professional development, continuing education and completing mandatory training as defined by Bendigo Health.

Staff Supervision, Leadership and Support

- Mentor, supervise and/or support students, less experienced clinicians, technicians and dental assistants to build their clinical skills, confidence and ability.
- Maintain courteous and professional interpersonal relationships with all members of staff, stakeholders and consumers.
- Assist in the induction of new staff as required.
- Actively participate and contribute to staff meetings.
- Assist with efficient patient scheduling to enhance patient throughput.

Resource Management & Policy Compliance

- Comply with best practice healthcare standards, legislation, Bendigo Health clinical governance framework and clinical practice guidelines.
- Adhere to Occupational Health and Safety policies and procedures, complying with Bendigo Health Infection Control policies and participation in required audits.
- Report all adverse events, complaints and 'near misses' in accordance with Bendigo Health processes and OHV Clinical Incident & Complaint Reporting Policies.
- Maintain and process patient records in accordance with Bendigo Health and DHSV Clinical Record Standards and the Health Records Act 2002
- Ensure that the dental surgery and dental laboratory are maintained in accordance with Bendigo Health infection control policy.
- Active involvement in quality improvement activities relevant to CDS. Undertake data collection for the monitoring and evaluation of programs.

Key Selection Criteria

Essential
