Bendigo Health

Bendigo Health is a leading regional health service, learn more about us by visiting our website: [Bendigo Health Website - About Bendigo Health](#)

As an organisation we are committed to delivering safe, inclusive and high-quality care to our diverse communities across the Loddon Mallee Region. We value and respect the unique backgrounds, cultures and experiences of the people we serve and those who work with us.

We are a proud child safe organisation, dedicated to the safety, wellbeing and voice of all children and young people. We are committed to creating a culturally safe and welcoming environment where Aboriginal and Torres Strait Islander peoples—adults, children and families—are respected, supported and empowered to express and celebrate their culture.

Our Vision

To be a trusted regional healthcare service recognised for delivering exceptional care, being a great place to work, and being deeply connected to our community.

Our Values

PASSIONATE – We are passionate about doing our best – for our patients, our colleagues and our community.

ACCOUNTABLE – We take ownership of our actions and outcomes, always striving for integrity and improvement.

CARING – We care deeply for our community – and our community cares for us. Compassion is at the heart of everything we do.

TRUSTWORTHY - We are open, honest and respectful in all that we do – earning the trust placed in us every day.

The Position

Provide interventional cardiology services including diagnostic coronary angiography, cardiac catheterisation and hemodynamic studies, and both primary and elective percutaneous coronary intervention including fractional flow reserve studies and intravascular ultrasound as required.

Responsibilities and Accountabilities

The Interventional Cardiologist provides specialised cardiac care through diagnostic and interventional procedures, including coronary angiography, catheterisation, and percutaneous coronary intervention (PCI) with FFR and IVUS. The role includes ward and on-call duties, outpatient clinics, and active participation in multidisciplinary case management. The incumbent also supervises junior medical staff and liaises with key departments such as Emergency and ICU to ensure coordinated, high-quality patient care.

Key Responsibilities

- Provide interventional cardiology services including diagnostic coronary angiography, cardiac catheterisation and hemodynamic studies, and both primary and elective percutaneous coronary intervention including fractional flow reserve studies and intravascular ultrasound as required.
- Ward duties as required.
- Provide STEMI On-call as rostered.
- Provide consultative services at a regular Outpatient Clinic.
- Attend Cardiology Department team meetings to assist with treatment and direction of care of patients as required.
- Clinical management of patients and supervision of interns and HMOs and adequate documentation of clinical matters to ensure optimum patient care.
- Liaison with other departments and clinical divisions in providing general cardiology consultation, particularly Emergency Department and ICU/CCU.
- Liaison with allied health professionals and nursing staff to ensure high standards of care and efficient use of available resources.
- Teaching and supervision of cardiology registrars, HMOs/ residents/medical registers, medical interns and medical students.
- Involvement in the care of private patients when commitments to public sector permit and where requested by the designated consultant.
- Participation in staff development and training as required.
- Participation in research and clinical audits.
- Maintain accurate records, statistics and reports as needed.

Key Selection Criteria

Essential

1. MBBS FRACP or equivalent degree enabling full unconditional registration with AHPRA

2. Fellow membership of the college training program
3. Clinical experience working in a major hospital at a senior level in Cardiology
4. Subspecialty training in Interventional Cardiology
5. Thorough understanding of the relevant legislation pertaining to Medical Officers
6. Evidence of on-going professional development to continually update personal medical knowledge and skills
7. Ability to operate in an environment of change
8. Ability to work as part of a team as well as independently
9. Demonstrated ability to communicate with patients; their carers with respect and empathy.

Generic Responsibilities

All Bendigo Health staff are required to:

- Adhere to the **Victorian Government's Code of Conduct**
- Uphold **Occupational Health and Safety** responsibilities, including self-care, safeguarding others, and participating in safety initiatives and reporting.
- Comply with all **Bendigo Health policies and procedures**, including those related to clinical, managerial, and standard work practices.
- Follow **Infection Control** procedures to prevent cross-contamination and ensure the health and safety of all.
- Maintain **strict confidentiality** regarding all organisational, patient, and staff information.
- Engage in **continuous quality improvement** activities aligned with the National Safety and Quality Health Service Standards (NSQHSS).
- Recognise and respect **diversity**, fostering inclusive practices in the workplace and service delivery.
- Support research activities in alignment with the National Clinical Trials Governance Framework to ensure high-quality, safe, and ethical clinical trials and research practices across Bendigo Health
- Staff must carry out all lawful and reasonable directions and comply with relevant professional standards and ethical codes.
- Safeguard children and young people in our care, by ensuring that your interactions are positive and safe, and report any suspicions or concerns of abuse by any person internal or external to Bendigo Health.
- Maintain ability to perform the inherent requirements of this role. Inherent requirements are the essential tasks necessary to perform this role, including reasonable adjustments. Bendigo Health is committed to a safe workplace that supports all employees. The role may require specific physical and cognitive abilities, which can be discussed with the manager during recruitment or at any time. We understand that personal circumstances can change and impact your ability to meet these requirements; additional policies are available to guide you through this process. Please request the relevant procedures for more information.

All Bendigo Health sites, workplaces and vehicles are smoke free.

This position description is intended to describe the general nature and level of work that is to be performed by the person appointed to the role. It is not intended to be an exhaustive list of all responsibilities, duties and skills required. Any elements of this document may be changed at Bendigo Health's discretion and activities may be added, removed or amended at any time.
