Bendigo Health

Bendigo Health is a leading regional health service, learn more about us by visiting our website: [Bendigo Health Website - About Bendigo Health](#)

As an organisation we are committed to delivering safe, inclusive and high-quality care to our diverse communities across the Loddon Mallee Region. We value and respect the unique backgrounds, cultures and experiences of the people we serve and those who work with us.

We are a proud child safe organisation, dedicated to the safety, wellbeing and voice of all children and young people. We are committed to creating a culturally safe and welcoming environment where Aboriginal and Torres Strait Islander peoples—adults, children and families—are respected, supported and empowered to express and celebrate their culture.

Our Vision

To be a trusted regional healthcare service recognised for delivering exceptional care, being a great place to work, and being deeply connected to our community.

Our Values

PASSIONATE – We are passionate about doing our best – for our patients, our colleagues and our community.

ACCOUNTABLE – We take ownership of our actions and outcomes, always striving for integrity and improvement.

CARING – We care deeply for our community – and our community cares for us. Compassion is at the heart of everything we do.

TRUSTWORTHY - We are open, honest and respectful in all that we do – earning the trust placed in us every day.

The Position

All staff at Bendigo Health should have, or aspire to the personal qualities, knowledge and skills as described in the Bendigo Health Staff Capabilities Statement. Refer to link at top of page.

As a casual registrar you will be able to work across many specialties (dependent upon experience) and have some flexibility in your time to be able to fill vacancies in rosters when given reasonable notice. There is a need to be adaptable to the different environments that may be worked in, and a “hit the ground running” attitude.

As a casual you may work in the following areas:

- Cardiology
- ENT
- Intensive Care Unit
- General Medicine
- Obstetrics & Gynaecology
- Oncology
- Palliative Care
- Rehabilitation Medicine
- Emergency Medicine
- GEM on Acute
- General Surgery
- Geriatric Medicine
- Orthopaedics
- Paediatrics
- Psychiatry
- Renal

In this position you will be a key contact for medical advice on the hospital site and whilst this can be challenging we hope you find the experience rewarding.

Whilst you may feel more exposed than at larger hospitals, there is always someone more senior to ask for advice, either in person or via phone. These include other Registrars, your unit Consultants, and the AMU consultant who works during weekdays, ICU/surgical/ED registrars and Consultants as well as some very experienced nursing colleagues.

Responsibilities and Accountabilities

Key Responsibilities

The key responsibilities will vary depending on the Unit you are covering but will be a mix of:

- Clinical management of medical patients and the supervision of, and adequate documentation their medical care.
- Initiate, implement and monitor management of patients under supervision, incorporating the appropriate testing and investigation.
- Thoroughly and promptly correlate and record in the medical record the information obtained from its various sources, in an appropriate and ongoing manner, from the initial assessment,

treatment, clinical progress and investigations, and to succinctly record this in discharge summary at the time of discharge.

- Foster rapport and good communications using appropriate language, written or verbal, with the patient and other parties as required; including contact with the referring Medical Practitioner.
- Use technology appropriately, with cost benefit and potential patient benefit and complications considered.
- Appropriately liaise with all staff involved in the care of the patient, including communication and referrals necessary for ongoing care post-discharge.
- Perform certain procedures, under supervision as appropriate.
- Regularly review patient objectives, interpretative, physical and mental status, including the development of communication of a discharge plan from the time of admission.
- Counsel and support patients and their families.
- Fulfil duties as outlined in the Duty Roster of the post undertaken.
- As a representative of the Hospital and the Medical Profession, present an appearance and demeanour of professionalism at all times.
- Continually update and extend personal medical knowledge and skills, regularly attend Clinical Meetings and remain familiar with current medical literature.
- Perform other duties as agreed to and as required on occasions by Medical Administration in relation to cover of other registrars due to illness, bereavement or patient transfer.

Clinical Management

- Take a comprehensive and history.
- Perform a competent physical examination with appropriate interpretation of signs.
- Construct a differential diagnosis.
- Plan, order and interpret appropriate investigations and formulate a detailed management plan for patients presenting to the hospital with common medical problems.
- Develop a therapeutic plan that shows knowledge of the common therapeutic agents, their clinical uses and dosages, adverse effects and potential drug interactions, as applied to each of your patients.
- Demonstrate safe prescribing of medications associated with practice on a general medical unit, with particular emphasis on the safe use of medicines, such as anti-coagulants, sedatives and hypoglycaemic agents.
- Understand and be involved in the process of discharge planning from the time of patient admission until discharge. Write a concise discharge summary, to be completed by the time of patient discharge
- Perform simple procedural skills with minimal supervision (venipuncture, IV cannulation, ABG sampling, peak flow measurement, ECGs, insertion of IDC and nasogastric tube measure, visual acuity, simple wound management).

Communication

- Demonstrate effective and appropriate situational communication.

- Communicate clearly and concisely with all other healthcare professionals.
- Legibly document the history, clinical findings and management plan in the hospital unit record, including a detailed and accurate record of the patient's status on admission.
- Write suitable progress notes identifying changes in principal clinical problems and management plans, results of investigations and procedures performed and their interpretation.

Professionalism

- Engage in critical thinking and take an evidence-based approach to medicine
- Recognise own limitations and practise within the appropriate clinical scope
- Seek help and escalate patient care to a more senior level when needed
- Take responsibility for ensuring that factors such as fatigue, illness and stress in self and other staff do not adversely affect patient outcomes.

Learning

- Build on prior clinical experience as the basis for future independent professional practice.

Employees are required to carry out lawful directions outlined above or delegated to them. The work to be performed is set out in this position description and, where relevant, any professional standards and codes of conduct and ethics issued by the relevant professional association.

Key Selection Criteria

Essential

1. MBBS or equivalent degree enabling registration with AHPRA.
2. Experience working as a Registrar

Desirable

3. Demonstrated appropriate level experience and skills in the medical assessment and clinical management of patients.
4. Thorough understanding of the relevant legislation pertaining to Medical Officers.
5. High level interpersonal and communication skills.
6. Evidence of on-going professional development to continually update personal medical knowledge and skills.
7. Ability to operate in an environment of change.
8. Ability to work as part of a team as well as independently (under supervision).

Generic Responsibilities

All Bendigo Health staff are required to:

- Adhere to the **Victorian Government's Code of Conduct**
