

# Invitation

AlfredHealth

## TrialHub

## Are you interested in finding out more about cancer clinical trials in our region?

**Come along to a special information event to hear about what's coming in cancer clinical trials for Bendigo Health.**

Clinical trials give people access to potentially life-saving treatments, and contribute to the development of new and improved treatments.

This event is an opportunity to hear what we're doing to improve local access to clinical trials, through an Australian-first program, meet the experts, and hear from local trial participants.

Guests include:

**Dr Rob Blum**, Clinical Director, Bendigo Health Cancer Centre

**Elizabeth Eager**, local clinical trial participant

**Professor Stephen Jane**, Head of Research, Alfred Health

**Narelle McPhee**, Cancer Research Manager, Bendigo Health Cancer Centre

**John Robson**, local cancer clinical trial participant

**Anne Woollett**, Director, TrialHub

### When

Tuesday, October 18  
3pm to 4pm
