Bendigo Health

With more than 4,500 staff and volunteers and covering an area a quarter of the size of Victoria, Bendigo Health, is an expanding regional health service offering the advantages of city life combined with the beauty and freedom that comes from living in a regional area.

Bendigo Health is a 700 bed service that treats more than 45,000 inpatients, triages more than 65,000 emergency attendees and welcomes more than 1,600 new born babies in a year. In addition more than 15,000 operations are performed in our operating theatres and more than 100,000 occasions of services are provided in our clinics to outpatients.

The organisation provides services in emergency, maternity, women's health, medical imaging, pathology, rehabilitation, community services, residential aged care, psychiatric care, community dental, hospice/palliative care, cardiology, cancer services and renal dialysis to the people of the Loddon Mallee region.

With our main campus based in Bendigo, our services extend throughout the Loddon Mallee with sites in areas such as Mildura, Echuca, Swan Hill, Kyneton and Castlemaine.

Demand on services is increasing rapidly with Bendigo being one of Victoria's fastest growing regional cities.

Our Vision

Excellent Care. Every Person. Every Time.

Our Values

CARING – We care for our community

PASSIONATE – We are passionate about doing our best

TRUSTWORTHY - We are open, honest and respectful

All staff at Bendigo Health should have, or aspire to the personal qualities, knowledge and skills as described in the Bendigo Health Staff Capabilities Statement. Refer to link at top of page.

The Clinical Operations Division

The Clinical Operations Division encompasses acute, allied health, cancer and mental health services. We provide a wide range of general medical, surgical and specialty services including but not limited to; Oncology, Cardiology, Renal, Emergency, Women's and Children's, Critical Care, Specialist Clinics, Cancer Clinics and Mental Health Services. Our Allied Health teams provide a diverse range of programs and person centred care in inpatient, outpatient, community, home and residential care settings.

Within a state-of-the-art hospital, our Ambulatory and Critical Care, Medical Services, Surgical Services and Women's and Children's areas use the latest technologies to provide excellent care. Our world class Cancer Centre uses a multi-disciplinary, integrated approach to treat specific cancers. The Cancer Centre offers medical oncology, radiation oncology, specialist nurses, clinical trials and cancer research, palliative care, and a Cancer Wellness Program.

The Mental Health Service provides psychiatric care and treatment across a large catchment area in Victoria stretching from Swan Hill in the north of the state to Gisborne in the south. Family sensitive practice is central to our models of mental health care and best practice ensures the identification, inclusion and support of families, carers and children.

Each year our onsite Specialist Clinics provide over 100,000 service events, we also see more than 60,000 people in our Emergency Department and welcome around 1700 babies into the world. The Clinical Operations Division assists with the admission of more than 50,000 patients into the hospital each year.

The General Medicine Team

The team is part of Bendigo Health's Medical Services Department.

The General Medicine Team at Bendigo Health are an integral part of the health care treating team and provide a range of acute and chronic health services that are delivered in both the inpatient and outpatient environment. The General Medical Team work closely with the other medical specialty areas (including Cardiology, Endocrinology, Geriatrics and Rehabilitation, Infectious Diseases, Oncology, Palliative Care, Renal and Respiratory Medicine) as well as the Emergency Department, ICU and Surgical Services. General Medicine provides specialist advice to other units in the hospital, including providing peri-operative medical support. As a regional centre we pride ourselves on having collaborative and respectful working relationships with our colleagues providing holistic patient-centred care in a supportive and safe work environment.

The Position

In this position you will be a key contact for medical advice on the hospital site and whilst this can be challenging we hope you find the experience rewarding.

The successful candidate will be affiliated to one of the three inpatient medical teams, each consisting of two Interns/HMOs and a BPT. Each medical team has a subspecialty interest (Gastroenterology,

Neurology/Renal, Endocrinology). There will also be exposure to undifferentiated acute medicine with the Acute Medical Unit. Some weekend work providing senior supervision and ward rounds, with consultant support, will be required and will be rostered in accordance with the EBA.

The position has been designed to provide a wide range of opportunities to the successful candidate. There are daily consultant ward rounds with an expectation that some of these would be led by the Advanced Trainee with competence-appropriate consultant supervision. The Advanced Trainee will be rostered to specialist outpatient clinics (to be rostered according to training needs but include Gastroenterology, General Medicine, Neurology and Peri-operative Medicine).

Bendigo Health takes its responsibilities to junior doctors in training seriously and mentoring and professional development are important aspects of this post. Attendance at Bendigo Health Grand Rounds, Journal Club and BPT teaching is expected and rostered. Attendance (in-person or remotely) at both the Austin/Northern Advanced Trainee and VIMG teaching sessions is strongly encouraged and will be supported. Advanced Trainees are expected to actively participate in the educational activities of candidates for the FRACP exams and help the DPEs with organising the exams.

Bendigo Health's vision is Excellent Care. Every Person. Every Time. There is therefore an expectation that the Advanced Trainee will complete a research or quality project during their term at Bendigo Health.

All staff at Bendigo Health should have, or aspire to the personal qualities, knowledge and skills as described in the Bendigo Health Staff Capabilities Statement. Refer to link at top of page.

Responsibilities and Accountabilities

Key Responsibilities

- Supervision of Junior Medical Staff
- Working with the Clinical Unit Head of General Medicine to support excellent patient care and flow.
- Clinical management of medical patients and the supervision of, and adequate documentation their medical care.
- Initiate, implement and monitor management of patients under supervision, incorporating the appropriate testing and investigation.
- Thoroughly and promptly correlate and record in the medical record the information obtained from its various sources, in an appropriate and ongoing manner, from the initial assessment, treatment, clinical progress and investigations, and to succinctly record this in discharge summary at the time of discharge.
- Foster rapport and good communications using appropriate language, written or verbal, with the patient and other parties as required; including contact with the referring Medical Practitioner.
- Use technology appropriately, with cost benefit and potential patient benefit and complications considered.
- Appropriately liaise with all staff involved in the care of the patient, including communication and referrals necessary for ongoing care post-discharge.
- Perform certain procedures, under supervision as appropriate.
- Regularly review patient objectives, interpretative, physical and mental status, including the development of communication of a discharge plan from the time of admission.
- Counsel and support patients and their families.

- Fulfil duties as outlined in the Duty Roster of the post undertaken.
- As a representative of the Hospital and the Medical Profession, present an appearance and demeanour of professionalism at all times.
- Continually update and extend personal medical knowledge and skills, regularly attend Clinical Meetings and remain familiar with current medical literature.
- Notify the Clinical Unit Head of General Medicine in a timely manner of any incident leading to an adverse outcome for a patient or staff member and complete a VHIMS as necessary.
- Participate in Divisional/Department/Unit Quality Improvement activities.
- Participate in teaching and educational activities as required.
- Partake in any BH Research Ethics Committee - approved research studies that may be necessary as part of duties
- Perform other duties as agreed to and as required on occasions by Medical Administration in relation to cover of other registrars due to illness, bereavement or patient transfer.

Communication

- Demonstrate effective communication at breaking bad news and demonstrate appropriate situational communication response.
- Communicate clearly and concisely with all other healthcare professionals involved in a patients care.
- Legibly document the history, clinical findings and management plan in the hospital unit record, including a detailed and accurate record of the patient's status on admission.
- Write suitable progress notes identifying changes in principal clinical problems and management plans, results of investigations and procedures performed and their interpretation.

Professionalism

- Engage in critical thinking and take an evidence-based approach to medicine
- Recognise own limitations and practise within the appropriate clinical scope
- Seek help and escalate patient care to a more senior level when needed
- Take responsibility for ensuring that factors such as fatigue, illness and stress in self and other staff do not adversely affect patient outcomes.

Learning

- Build on prior clinical experience as the basis for future independent professional practice.
- Maintain Continuous Professional Development plan according to FRACP requirements
- Actively seek out educational and training opportunities and support those of nursing and allied health staff, medical students and junior medical staff.

Generic Responsibilities

Code of Conduct - The Victorian Government's Code of Conduct is binding on all Bendigo Health staff. Contravention of a provision in the code may constitute misconduct and/ or regarded as a breach of the employee's employment agreement and will be dealt with under the organisations Counselling and Disciplinary Action Policy.

Compliance with policies and procedures - All Bendigo Health's policies and procedures are set out in its clinical and managerial policy manuals located on the intranet under PROMPT and in hard copy. All staff must ensure they comply with policies, procedures and standard ways of work practices when carrying out their work. Any breach in compliance may result in disciplinary action.

Occupational Health and Safety - Every staff member has the responsibility to take reasonable care of their own health and safety and the safety of others, to cooperate with Bendigo Health's OH&S policies and to participate in appropriate safety education and evaluation activities. All staff are expected to participate in reporting any health, safety and wellbeing issues. Any breach in compliance may result in disciplinary action.

Infection Control - Every staff member has the responsibility to minimise incidents of infection/ cross infection of residents, staff, visitors and the general public. All staff must adhere to the policies and procedures as set out in Bendigo Health's infection control manuals. Any breach in compliance may result in disciplinary action.

Confidentiality - All information concerning Bendigo Health, its patients, clients, residents and staff should remain strictly confidential. Any unauthorised disclosure of such information may result in disciplinary action.

Quality Improvement - Bendigo Health is dedicated to improving the quality and safety of health services by providing care within the following domains of quality: Consumer Participation, Clinical Effectiveness, Effective Workforce and Risk Management. As a result, we apply the concept of the quality cycle for all our quality activities, initiatives and projects thereby ensuring the best possible care and treatment results are achieved. The underlying principle of the cycle is that an activity is not complete until evaluation shows that it has been effective and reached the desired outcome. As a Bendigo Health employee you have a responsibility to participate in and commit to ongoing quality improvement activities using the framework of the NSQHSS (National Safety and Quality Health Service Standards).

Diversity – Each person has a right to high-quality health care and opportunities regardless of diversity factors, which might include aspects such as cultural, ethnic, linguistic, religious background, gender, sexual orientation, age and socio-economic status. Every staff member has a responsibility to recognise and respect diversity. Inclusiveness improves our service to our community and promotes engagement amongst staff.

Employees are required to carry out lawful directions outlined above or delegated to them. The work to be performed is set out in this position description and, where relevant, any professional standards and codes of conduct and ethics issued by the relevant professional association.

Key Selection Criteria
